

July 13, 2023: For Immediate Release

**MSL Captive Solutions Welcomes New Senior Underwriter
*Andrew Wagganer Joins the MSL Team***

MSL Captive Solutions, a leader in the development, structure, and underwriting of medical stop loss captives, is growing with the appointment of Andrew Wagganer as Senior Underwriter. Mr. Wagganer will join a the highly experienced team to provide additional resources for underwriting services with program managers and brokers for new and existing medical stop loss captive programs. Mr. Wagganer will report to Chief Underwriting Officer, Peter Parent.

“We’re excited to have Andrew join the MSL Team,” said Parent. “Andrew brings a wealth of knowledge and experience to our underwriting team. The value he provides to our MSL underwriting support structure will be refreshing and innovative.”

As MSL Captive Solutions continues to grow to meet the needs of our clients, the need for a seasoned underwriter was apparent. Mr. Wagganer is a great fit into the culture of the MSL Captive Solutions organization. His experience, personal attributes, and business professionalism lend him to be a key piece in the expansion of MSL Captive Solutions.

“I’m thrilled to be joining MSL Captive Solutions as a Senior Underwriting,” said Mr. Wagganer. “To be part of an underwriting team focusing on captive underwriting is a great opportunity for me in my career. And in this industry, there is no better place to be than MSL Captive Solutions.”

About MSL Captive Solutions, Inc

MSL Captive Solutions is an independent underwriting firm. We do not have or promote any of our own captive programs. Our exclusive focus is working with select program managers, brokers, consultants, and captive managers to build proprietary group and single-parent captive programs. We provide outsourced underwriting management to several of the world’s leading carriers and can develop customized captive programs with each carrier. Our expertise and independent objectivity maximize our ability to develop the most appropriate group captive structure for each broker/client.
