MSL Captive Solutions welcomes Keith Peterson

MSL Captive Solutions, Inc (MSL) is pleased to welcome Mr. Keith Peterson as Assistant Vice President – Lead Business Development Consultant. Mr. Peterson will develop and manage new and existing business relationships on a national level for MSL.

“Keith brings a wealth of exceptional experience to our expanding team,” said Phillip Giles, MSL Managing Director. “His strong underwriting background and technical insight will be very helpful in formulating insightful solutions and guidance to brokers and their captive clients.”

Mr. Peterson graduated from West Chester University in 2013 and has more than ten years of Managing General Underwriters (MGU) based medical stop loss underwriting and business development experience. He will report directly to Mr. Giles.

“I am thrilled to join MSL Captive Solutions as the captive market continues its growth amidst increasing premiums and a high frequency of catastrophic claims,” said Mr. Peterson. “MSL is a leading captive oriented MGU and I look forward to bolstering their position in the marketplace by providing customizable alternative risk solutions for our clients.”

Said MSL Chief Underwriting Officer Peter Parent, “I have known Keith for several years and have always been impressed with his level of professionalism and client-centric approach to business. We are excited to have him join the MSL team!”

Mr. Peterson is based in the Philadelphia area and can be reached at 207.401.5153 or keith.peterson@mslcaptives.com.

About MSL Captive Solutions, Inc

MSL Captive Solutions is an independent underwriting firm. We do not have or promote any of our own captive programs. Our exclusive focus is working with select program managers, brokers, consultants, and captive managers to build proprietary group and single-parent captive programs. We provide outsourced underwriting management to several of the world’s leading carriers and can develop customized captive programs with each carrier. Our expertise and independent objectivity maximize our ability to develop the most appropriate group captive structure for each broker/client.
