

July 21, 2022: For Immediate Release

## **MSL Captive Solutions Welcomes New Lead Underwriter *Meredith Watson Joins the MSL Team***

MSL Captive Solutions, a leader in the development and underwriting of medical stop loss captives, is growing with the appointment of Meredith Watson as Assistant Vice President and Lead Underwriter. Ms. Watson will join a highly experienced team to provide additional resources with developing and maintaining process and guidelines for underwriting with program managers and brokers for new and existing captive programs. Ms. Watson brings experience and expertise that will enable the team to provide custom solutions based on the needs of the clients.

“We are pleased to welcome Meredith to the team. She brings added depth and experience to our captive underwriting capabilities and a broad skill set in managing stop loss programs,” said Peter Parent Chief Underwriting Officer of MSL Captive Solutions. “We are seeing strong demand for both group and single parent captive programs and are committed to bringing on the necessary resources and expertise to meet that demand.”

Ms. Watson has extensive stop loss underwriting experience with both carriers and MGUs. She spent over 15 years with Gerber Life before joining the group captive division of Berkley Accident & Health. She was most recently with Dallas Risk Management. “I am excited to be joining MSL Captives as part of the growing underwriting team,” said Watson. “Captives are a growing sector of the stop loss market, and I am looking forward to being part of the initiatives MSL Captives has underway and working with our carrier and program manager partners.”

“We are very excited to have Meredith join MSL Captive Solutions. The addition of Meredith’s deep experience and expertise reinforces our underwriting agility and leadership positioning within this highly dynamic and rapidly expanding market segment,” said Phillip Giles, Managing Director of MSL Captive Solutions.

### **About MSL Captive Solutions, Inc**

MSL Captive Solutions (MSL) is the industry’s only platform devoted exclusively to the development of comprehensive (re)insurance solutions for medical stop-loss captives. We are an independent underwriting firm and work with select program managers, brokers, and captive managers to build proprietary group and single-parent captive programs. We provide outsourced stop-loss captive underwriting management to some of the world’s leading stop loss carriers and can develop customized captive programs with each carrier. Every captive program is highly tailored to meet the specific risk, financial and competitive market positioning objectives of our clients. The exclusivity of our carrier relationships and our limitation to select production partnerships will minimize the potential for distribution channel conflicts and significantly enhance the group captive’s market identity and competitive positioning.
